# CLARKE'S WHOLESALE PRICE - LIST

OF

## TREES, SHRUBS, VINES AND HERBACEOUS PERENNIALS

SPRING AND FALL, 1916

N this catalog I am offering a select list of the plants best adapted to ornamental planting. They have been chosen not only with view to their artistic effects, but with a careful consideration of their adaptation to prevailing conditions of soil and climate. As individuals, all my plants are strong, healthy, well-shaped and in every respect first grade specimens. Their root systems are particularly well developed. Special care is exercised to see that all plants are true to name. Every order, whether large or small, receives careful attention, and the utmost precautions are taken with the packing.

### Location

The **Red Oak Nurseries** are situated at Fiskeville, R. I., which is about twelve miles southwest of Providence. They are reached both by trolley and steam cars, and are in direct and easy communication with Boston and New York.

## **Conditions of Sale**

This catalog cancels all previous offers.

Five hundred plants will be furnished at the thousand rate; 50 at the hundred rate; and 5 at the ten rate.

Prices in this catalog do not include expenses for boxes or bales. These items will be charged at cost.

Terms of payment are cash with order or satisfactory reference. All bills unpaid December 1 in the fall and June 1 in the spring will be subject to sight draft without notice.

Our responsibility ceases when the plants are delivered to the express or freight company. Where losses occur through delay or injury in transit, claim should be made at once on the forwarding company.

While we exercise the greatest care to have all our trees, shrubs, and plants true to name and hold ourselves in readiness on proper proof to replace all trees, shrubs, and plants that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor, it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, shrubs or plants that prove untrue to name.

All claims for errors must be made within ten days of the receipt of goods.

All orders are accepted subject to the above conditions of sale.
